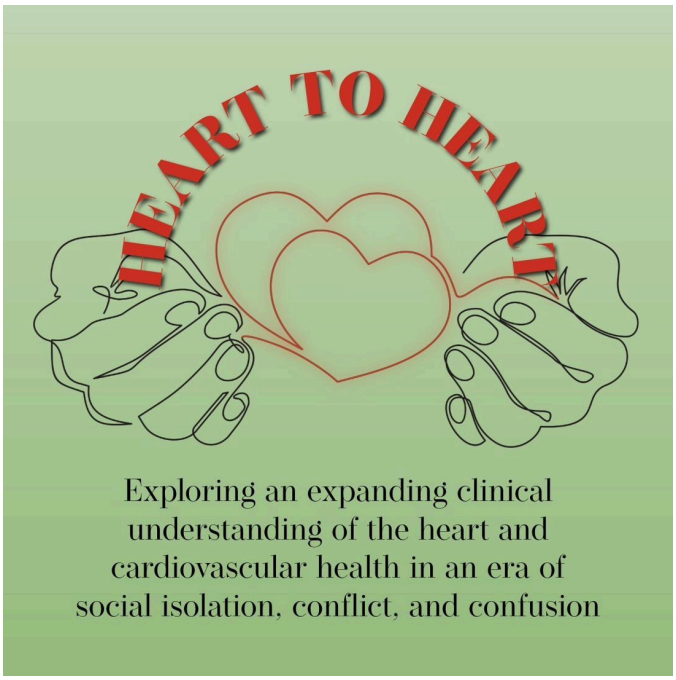
HEALING SKIES 2027

SIXTH BIENNIAL CONFERENCE



Sponsorship & Partnership Guide

May 28–30, 2027

Temple Gardens Hotel & Spa · Moose Jaw, Saskatchewan

TEMPLE GARDENS
HOTEL & SPA

Dear Friend of Healing Skies,

For five biennial conferences, our vendors and partners have done something rare: shown up not just to sell, but to belong. You've sponsored our speakers, fed our delegates, and helped a small prairie association host a conference doctors call "by far the best I've been to." None of it would have happened without you.

In 2027 we turn toward the heart — not only the cardiovascular system, but the physiological, emotional, and cultural heart of our medicine, and of the patients we serve in an era of isolation and noise. We'll gather at the newly renovated Temple Gardens Hotel & Spa in Moose Jaw, Saskatchewan: mineral pools, saunas, contrast showers, and the kind of restorative setting that is naturopathic medicine, not just a backdrop for talking about it.

This guide lays out how your company can take part — as an exhibitor, a speaker sponsor, or a partner behind one of the experiences that make this weekend feel like a community rather than a trade show. Whatever level you choose, you'll be in the room with the doctors who decide what they dispense, recommend, and trust.

We'd be honoured to host you under our Healing Skies once more.

With gratitude,

The Healing Skies Conference Committee

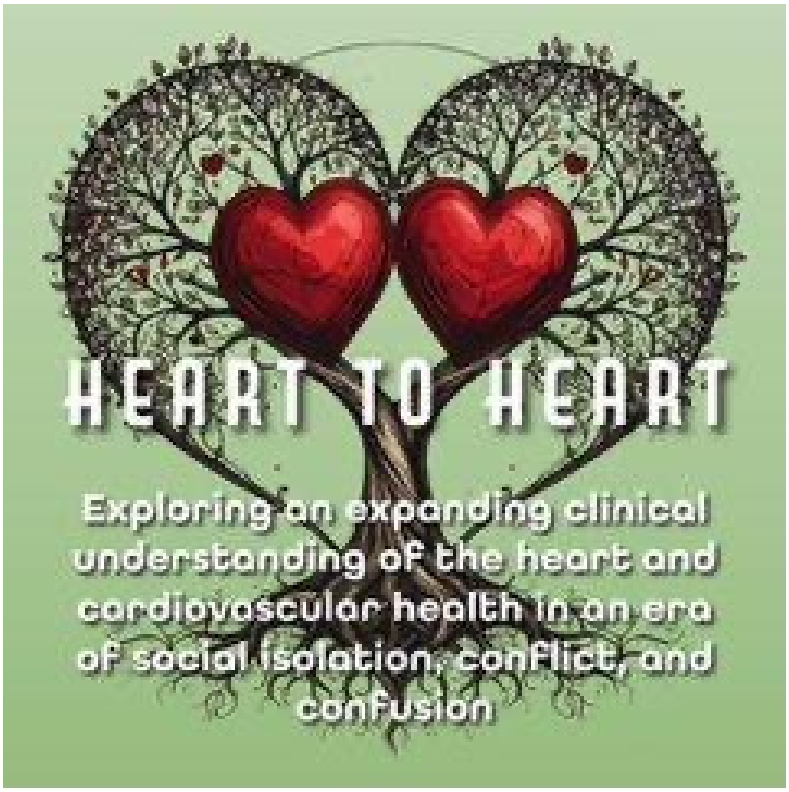
Saskatchewan Association of Naturopathic Doctors

"My heart was full at the end of each day."

— 2025 DELEGATE

Healing Skies is built on a single principle: honour the roots that anchor us, and reach for the skies of what's next. Every conference holds both — the grassroots, vitalist origins of naturopathic medicine, and the emerging research and clinical thinking shaping its future.

We are, by design, different from other conferences. We open and close in ceremony. We honour our elders. We favour discussion over memorization, and topics that remind us why we're here over slide decks of protocols. Doctors come for the education and the CE credits; they come back for the feeling. This conference is a hybrid event, offering virtual attendance with an in-person emphasis.



The 2027 theme — Heart to Heart

An expanding clinical understanding of the heart and cardiovascular health, explored through physiology, mind and emotion, and culture — with a strong emphasis on hands-on, practical sessions doctors can use Monday morning.

What every Healing Skies is built on

- **Honouring our elders** — lineage, ceremony, and the roots of the medicine
- **Celebrating innovation** — emerging research and evolving clinical practice

- **Building community** — real relationships between doctors and partners, not transactions

Most conferences ask you to endure the venue. Temple Gardens asks you to recover in it.

TEMPLE GARDENS
HOTEL & SPA

Saskatchewan's premier mineral-spa resort offers geothermal mineral pools, saunas, steam, and contrast showers — hydrotherapy that sits at the very origin of nature-cure medicine.

For your team, that means something practical: a setting where conversations happen in the pool and over a quiet dinner, not just across a booth. Vendors and doctors leave Healing Skies rejuvenated — and they remember who they spent the weekend with.

Why the venue matters to sponsors

Relaxed, restorative settings extend face time and deepen relationships. At Healing Skies, your reps aren't competing with a thousand other booths — they're part of a shared weekend.

Moose Jaw, SK

Newly renovated

On-site spa, dining & accommodation

Healing Skies is intentionally intimate — and that's exactly why it converts. You won't get lost in a convention centre. You'll spend three days with a focused group of licensed naturopathic doctors who choose the products they dispense and recommend to patients.

Why “small” is the point

In a 100-seat room, a sponsor isn’t a logo on a far wall — you’re a name doctors learn over a weekend. Healing Skies trades reach for relationships, and relationship is what moves clinical purchasing.

Reach: Naturopathic Doctors from all across Canada, coast-to-coast.

“Loved that most of the presentations reminded us why we were here.”
